

Bernie Grady

Board Member of FEBIS since 09/2013

Bernie joined Experian in 1995 and since then he has held roles in various functions including marketing, product management, data management and product development. Currently he is Data Strategy Director within the Business Information area for the UK & Ireland and leads a management team that is responsible for data acquisition, development, management and client consulting.

Bernie has also been involved in a number of major business acquisitions in the UK and throughout Europe during his time with Experian. Prior to taking on his current role Bernie managed the acquisition and integration of The pH Group, a business to business marketing analytics and consultancy company.
